

The End Of The Day

Nashville Cast

Quitin the bottle at the end of the day
Want to be there for heaven
Let it open the gate
I'll give up the lying, if you're gonna stay
I'll be quitin at the end of the day.

But don't say it's over, I'm go'n change what I've done
Gonna lay down beside you, gonna lay down my gun
The struggle ain't over but I hope you will stay
Cause I'm quitin at the end of the day.

Done with the cheating,
That drove you away
But you'll give me forgiveness
If I promise to change
I told you it's over
So what else can I say
I'll be quitin at the end of the day

But don't say it's over, I'm go'n fix what I've done
Gonna lay down beside you, gonna lay down my gun
The struggle ain't over but I hope you will stay
Cause I'm quitin at the end of the day

Hold on a couple more hours I'll be home
Ready to lay in your arms, don't change your mind

But don't say it's over, I'm go'n fix what I've done
I will lay down beside you, gonna lay down my gun
The struggle ain't over, but I hope you will stay
Cause I'm quitin at the end of the day
I'll be quitin at the end of the day
Yeah I'm quitin at the end of the day
