

# The Hell Of It Is

Nashville Cast

The hell of it is  
I can't stand you around  
The hell of it is  
I've had enough  
The hell of it is  
You make me wanna scream  
The hell of it is  
You never do things just because

That I can watch you leave  
Take your coat and your keys  
And I wouldn't care where you go  
But the hell of it is  
I love you even when I don't

I love you even when I don't  
I love you even when I don't  
Oh the hell of it is  
I love you even when I don't

The hell of it is  
I could do without your friends  
The hell of it is  
You got more pride than sense  
The hell of it is  
By myself I'd be just fine  
The hell of it is  
I would know that in this life

That I love you even when I don't  
I love you even when I don't  
Oh the hell of it is  
That I love you even when I don't

The parts of you I hate  
Are the reasons why I stay  
I'd rather live with my mistakes  
Honey say you'll do the same

'Cause I love you even when I don't  
I love you even when I don't  
Oh the hell of it is  
That I love you even when I don't

I love you even when I don't  
I love you even when I don't  
Oh the hell of it is  
That I love you even when I don't  
Yeah the hell of it is  
That I love you even when I don't
