

With You I'm Home

Nashville Cast

A sea of night a northern star
You're the light in all this dark
Yea you're the reason, my beating heart
With you right here I know
With you right here I'm home

When I see you it's all alright
A peaceful feeling in your eyes
Forever yours right by your side
With you right here I know
With you right here I'm home

Take my hand, I'm yours for good
All of me, all of me
Take my hand, I'm yours to keep

Ooh ooh ooh

A sea of night my northern star
With you right here I know
With you right here I'm home
