

One Foot Out

Nasri

It was love in the first sight, tangled up in the sheets
You have a cute smile, I needed some relief
I didn't know I, feel you in a different way
But I do now

Yeah, Closer and closer
I thought that you felt it too
So I tried to hold you
But we were out with your crew
Honey it's over
That's what you said to me
You got me standing

One foot out the door
Cause you don't want to, give me anymore
One step away from leaving
Cause I need me a reason to stay
Yea until that day
I'll be standing one foot out
Cause you were standing one foot out
One step away from leaving
Cause I need me a reason to stay
Can't wait till that day

Tell me where did we go wrong
Maybe we move to fast
Girl it was so strong
Why are you looking back
You need to turn around
And realize what you got here

No, I don't deserve this
You need to check yourself
You don't want my kiss
I'll give it to someone else
You're gonna wake up one day
Noticing that you have been replaced
Cause you got me

One foot out the door
Cause you don't wanna give me anymore
One step away from leaving
Cause I need me a reason to stay
Until that day
I'll be standing one foot out
Cause you were standing one foot out
One step away from leaving
Cause I need me a reason to stay
Can't wait until that day

Give me a reason
Give me a reason to stay
(3x)

You got me standing
One foot out the door
Cause you don't wanna give me anymore

One step away from leaving
Cause I need me a reason to stay
Yea until that day
I'll be standing one foot out
Cause you were standing one foot out
One step away from leaving
Cause I need me a reason to stay
Yea until that day
I'll be standing one foot out
