

A Minor Operation

Našrot

Hey raise your face
Throw away cold gaze
And ready your self
Oh babe, you're pale!
Nice uncle's gonna look in your mind
Don't worry, it won't bite
He'll make a few little cuts
And find out why you're nuts

Hey raise your face
Throw away cold gaze
And ready your self

You watch TV all the time
Your brain is over loaded

But they are out moded
