

Don't Kill The Rats

Našrot

I don't care, what some strange people say
About me, Like Rat I grub from the tray
I don't care, what some strange people say
That I have a little tail /oh yeah/
I don't say Yes, I don't say No
These problems are for the sucks
I don't say Yes, I don't say No
And I creep into my box

I don't care if my strange neighbours say
That my girls body is too gray
I don't care if my strange neighbours say
That she sleeps only in the day /oh yeah/
I don't say Yes, I don't say No
Her little teeth bite the cheese
I don't say Yes, I don't say No
My little snout shakes in a breese

Go!
Go and jump!
Hot Blood! So don't get, get us
And don't kill, don't kill the rats!

I don't care if my strange neighbours say
That some men went missing yesterday
I don't care if my strange neighbours say
That my girl and me...
I don't say Yes, I don't say No
We live from hand to mouth
I don't say Yes, I don't say No
But sometimes...well, you know

Go!
Go and jump!
Hot Blood! So don't get, get us
And don't kill, don't kill the rats!
