

Highway 2000

Našrot

Hey friend, get in & start the car
We'll ride the country to the west
We will go there, the sun is fallin'
Into the dark for a rest
Hey, baby, pass the joint to me
It's the highway of our life
Find it, what puts us together
Erase all what divides
Let's go
Because the night comes
Knife on my throat
Hot kiss from my girl
It's a ticket to go
All our dreams are on this highway
Do you believe them or not?
Tell me, can we stop this game?
Our earthly time is so short
Let's go
Because the night comes
Knife on my throat
Hot kiss from my girl
It's a ticket to go
It's a concert of lights
Snakes in my eyes
The wild sounding train
Who'll save my brain?
Let's go!
This was the last cruel slavery
20th Century is at the end
That's the time of new enslavements
Please baby, hold my hand
Again we are on the life's highway
Burning sun is our road-sign
Maybe sometimes we'll go astray
It doesn't matter, do you feel fine?
Let's go
Because the night comes
Knife on my throat
Hot kiss from my girl
It's a ticket to go
It's a concert of lights
Snakes in my eyes
The wild sounding train
Who'll save my brain?
