

# Only Pain

Našrot

We try quickly to hide  
We try quickly to hide  
We're losers of life  
Losers under fire

We're standing on the dark side  
And ev'rybody wants to kill us  
We're lookin' for any signs  
Signs of the better times...

And we found only pain

We look for signs in the night  
In peace and in the fights  
We wanted to go very high  
But finally we fell down

And we found only pain...
