

Pain Hunter

Našrot

That's the end, I feel cold in my heart
That's the end, I feel cold in my heart
'Cause I waited for something different
Something special for my start
Something different, strange, abnormal
Only that could bring back love
That's the end, I feel cold in my heart
'Cause I'm an envoi of the pain, yeah
And I need it again, again, again...
No, I'm not yours, baby
You never wanna feel the pain
You're not my favourite, baby
Good bye - here I say
That's the end, the policeman quietly said
That's the end, all th people saw, it's bad
'Cause the dead corpse is hanging
In chains of cold steel
And a bloody notice on his body
Says: Kill me and then spin
I want to fly, free as a bird in the sky
He was an envoi of the pain, yeah
And needed to feel it again
No, I'm not yours, baby
You never wanna feel the pain
You're not my favourite, baby
Good bye - here I say
That's the end, all the people saw, it's bad
'Cause the dead corpse is hanging
In chains of cold steel
And a bloody notice on his body
Says: Kill me and then spin
I want to fly, free as a bird in the sky
He was an envoy of the pain, yeah
And needed to feel it again
No, I'm not yours, baby
You never wanna fell the pain
You're not my favourite, baby
Good bye - here I say
