

# Better Than This

Nasty C

(Select Play)

It's been a while since we've been outside  
Let's paint the town red, we'll take the night  
We'll have the time, the time of our lives

'Cause there ain't no feeling  
Ain't no feeling better than this  
'Cause there ain't no feeling  
Ain't no feeling better than this (Better than this)  
'Cause there ain't no feeling  
Ain't no feeling better than this

'Cause there ain't no feeling  
Ain't no feeling better than this  
'Cause there ain't no feeling  
Ain't no feeling better than this

Better than this  
Better than this  
Better than this  
Move your hips  
Swang your hips  
Give me a kiss

You make good turn to better  
Turn my pain into pleasure  
Turn my trash into treasure (Treasure, treasure)  
I never been to heaven  
But this is close, I imagine  
You're pretty close I imagine  
'Cause there ain't no feeling better than this

'Cause there ain't no feeling  
Ain't no feeling better than this  
'Cause there ain't no feeling  
Ain't no feeling better than this

Better than this  
Better than this  
Better than this  
Move your hips  
Swang your hips  
Give me a kiss

To know you got someone who's ready to ride for you  
And ride for you and ride for you  
And ride for you, I ride for you  
Way too easy to die for you  
And me, I stay alive for you  
There ain't no feeling better than this  
Better than this  
Better than this  
Ain't no feeling better than this  
Better than this  
Better than this  
Ain't no feeling

'Cause there ain't no feeling  
Ain't no feeling better than this  
'Cause there ain't no feeling  
Ain't no feeling better than this

Better than this
