

# Big Timing

Nasty C

Big timing with my day-one niggas  
Yeah, the ones I started with  
Hustling and starving with  
Perfect timing for bitch to talk about me  
We gon' mm-mm, keep it on the mm, yeah  
All that shit

Fuck you doing? I'm ballin', bitch  
My first name should be Spalding, bitch  
Your name should be Stalin, bitch  
Yeah, we know you ain't on this shit  
My whole gang comin' out strong  
Tryna put a nigga on  
But he won't stop fallin', shit  
I started thinkin' they ain't no goin' hard on this  
But the harder I go  
Be the harder it gets  
'Cause I meet a lot of people and they tell me that I'm lethal  
Then they turn around, actin' like I owe 'em  
What my old man told me:  
Keep the devil underneath, stay calm  
But they're forcing me to be strong  
They got down  
The gang can't miss  
This ain't that, and that ain't this  
All this money, hate came quick  
I just pray my death painless

Oh my, look at me dead in my eye  
Oh my, you see the pain, there's no lie  
Oh my, clear my eyes in the clear sky  
Small-town fresh when I take my pride  
They don't have to go through me and all my guys  
Yeah

Big timing with my day-one niggas  
Yeah, the ones I started with  
Hustling and starving with  
Perfect timing for bitch to talk about me

Fake of the office today  
Fuck, shouldn't do your life on the top floor
