

Crazy Crazy

Nasty C

Crazy, crazy, crazy, crazy, crazy
They must be crazy, crazy, crazy, crazy, crazy
They think that we won't make it, make it, make it, make it, make it
They know they trippin
They don't know we different
I'ma play my position
Let's get lost in the moment
Fuck in the moment
Hit it how you want it
Lost in the moment
Fuck in the moment
Hit it how you want it

Ride with me, fly with me, side with me, cry with me
Slide with me, lie with me, shine with me, lil' mami
Count with me, be my trap queen, count with me
Grind with me, get the bag, stack it up with me
She know I don't play around, drop it to the floor
And she go so low, I might just get her a pole
Ima stay around
Cos the world, it can get cold
Put it on my soul
If you don't know, then now you know

Crazy, crazy, crazy, crazy, crazy, crazy, crazy
They must be crazy, crazy, crazy, crazy, crazy, crazy
They think that we won't make it, make it, make it, make it, make it
They know they trippin
They don't know we different
I'ma play my position
Lets get lost in the moment
Fuck in the moment
Hit it how you want it
Lost in the moment
Fuck in the moment
Hit it how you want it

Tell your mama you're in real good hands
I'm a real good man
Tell your daddy he was in my shoes
So I'ma pay my dues
And everybody wanna know what's our secret
Some know how to find love but can't keep it
It's crazy that it's levels that we ain't reach yet
You can't breach it
You can't teach it

Crazy, crazy, crazy, crazy, crazy, crazy, crazy
They must be crazy, crazy, crazy, crazy, crazy, crazy
They think that we won't make it, make it, make it, make it, make it
They don't know we different
Ima play my position
Let's get lost in the moment
Fuck in the moment
Hit it how you want it
Let's get lost in the moment
Fuck in the moment

Hit it how you want it
