

I'm cool, I'm calm, I'm gravy  
I'm drunk, I'm high, I'm faded  
Don't want no smoke, no vape, please  
Everybody with me on the same page, yeah  
I'm cool, I'm calm, I'm gravy  
I'm drunk, I'm high, I'm faded  
Don't want no smoke, no vape, please  
Everybody with me on the same page, yeah

I'm still with the guys, woah woah woah  
Loyalty defined, woah woah woah  
This was no surprise  
It came at a perfect time  
There's a genie in the sky, woah woah woah  
Rest in peace to soldiers that we lost lost lost lost  
Gimme guidance, gimme sauce sauce sauce sauce  
Mix my Henny with the Voss Voss Voss Voss  
Got me dipping when I walk walk walk walk, ey, ey  
I wish you could feel what I feel  
And I ain't finished get the fuck up out my face with the bill,  
yeah  
Way past my limit going way past my limit

I'm cool, I'm calm, I'm gravy  
I'm drunk, I'm high, I'm faded  
Don't want no smoke, no vape, please  
Everybody with me on the same page, yeah  
I'm cool, I'm calm, I'm gravy  
I'm drunk, I'm high, I'm faded  
Don't want no smoke, no vape, please  
Everybody with me on the same page, yeah

Strings and bling, and strings and bling  
The peace they bring to me, I sing  
For peace, for peace, for love and peace  
The streets is deep, they need the peace
