

# Hard Choice

Nasty C

Get rich as fuck or die broke, it's not a hard choice  
Even though success is such a lonely and a long road  
I could be fucked today but the tables gon' turn tomorrow  
One thing about me no matter what, I'ma fill my torso  
I came a long way and I know how far I'll go  
To see my family straight I'll move the Kilimanjaro  
I'ma make this earth my heaven in case that's not where we all go  
I'ma make this earth my heaven in case that's not where we all go

I'm not a stranger to failure but really I think I'm related to Ws  
Consistent as fuck, was born to be up  
I can't see this shit from another view  
You can call me what you want, I come from the bottom  
That slander ain't nothing new  
It's ironic I got 'em pissed off 'cause I'm number one shitting on number tw  
o  
Humble as fuck, I don't play with my blessings or life 'cause I know it can  
humble you  
People like to say I think I'm better just because I'm not gullible  
I never count on a nigga for nothin'  
I'm counting the racks that I'm thumbing through  
Niggas change like the weather, the lesser the better  
These days loyalty is fundable  
I'll never give them the chance to do me dirty, not again, I'm vigilant  
I'm focused on relatives, revenue  
Focused on endeavors and dividends  
I stay out the way, I'm mindin' my business  
It's giving - I'm focused on millions  
I shoot for the stars, I ain't missing shit (Kraaa, kraaa, kraaa, kraaa)

Get rich as fuck or die broke, it's not a hard choice  
Even though success is such a lonely and a long road
