I've been dealin' with struggles too long, dawg
I need a break from it all, dawg
Why they pray for me to fall, dawg?
When I'm tryna right my wrongs
People don't know what it cost, to be the boss
So they just, focus on my losses
I done, bared so many crosses
I'm in the, field with no amor
Let the wrong people get close to me
I've been fightin' my demons openly
And this can't be how it's supposed to be
It's no privacy in my world
No honesty, dawg, it's just a lot of hypocrisy in my world
Niggas play hide and tweet in my world (Uh, damn)
Man it's okay ('kay)

Live your life (Life)
Tweet me all of your weak advice
Judge me now cause your life is perfect

And everything you do is always on purpose
