They don't know me they know the music

But look at what I do with a computer  
I'm crack you a couple nudists  
The devil works hard I salute him  
But I'm still yelling hallelujah  
Put fire on a nigga hallelujah

Jiggy jiggas all on my shit

Jiggy jigga where's my bitch?  
Jiggy jigga where's my bitch?  
If the shoe fits I'm in it
