Nasty C

I came from the bottom, that was a long time ago (Time)
Look down from the top, I done reached all kinda goals (Yeah)
Couldn't take everybody with me, had to let some go (Let some)
For a long time it was dark, now they see my neck on glow

We've been through all kinda pain
Did it all in my mama name, yeah
Doin' this for my partna, man
I'd be dead without the fame, yeah
Nigga we not the same, yeah

I've been goin' way too hard today
Sittin' back, sippin' on Chardonnay, okay
It be gettin' hard to say
The people that a nigga lost on the way, okay
Watchin' them fall away, yeah
Out of my lawyer radar
Mindin' my own data
Tryna ignore the haters
