

Note

Nasty C

All I need is you sleeping by my side
Baby, by my side
Baby, by my side

Here goes this note, I hope you get it
Here goes this note, I hope you get it
I'm only like two sentences in it
Less than a minute but I hope you smiling already
And remember when we both thought you was
I swear I felt every type of way but I ain't regret it
It's crazy I know cause we both knew we wasn't ready
But fuck, I was happy for that minute I won't forget it
Now tell me what we got to lose
I been working at it so I hope I ain't got much to prove
Arms, ears and a heart and I got respect for you
Damn, you a hotspot and I'm tryna connect with you
Every part of me is imprinted with your name
We're 2 years running and I can't say I feel the same no!
I'm in a deeper now, I swear I'm in a deeper now
I'm at a place where I'd even hurt myself just to see your smile

There's so many people in the room
Mollies, shrooms
Everybody thinking about getting that
I'm thinking bout you
I don't care about naething
I don't give a fuck what they say
It's goodbye
It's goodbye
I wanna get high on you
You stronger than a molly or the rufie

There's so many people in the room
Mollies, shrooms
Everybody's thinking about getting that
I'm thinking bout you
I don't care about naething
All I need
I don't give a fuck what they say
Is you sleeping by side
It's goodbye
By my side
It's goodbye
By my side
I wanna get high on you
By my side
You stronger than a molly or the rufie

I've always been on some all or nothing
Ride or die or get ran over
Some down for your shit
Get up and I'd stand for you
Power couple shit, some Beyonce and H.O.V
So drunk in love, I'd die for my hangover
Damn, see all these feelings is new to a bruv
And I'm over here acting like I'm used to that stuff
You got the bow and arrow ma you can tell cupid wassup

I know these other bitches hate but it ain't like you give a fuck
You know you flawless, you all that
And really ain't no stopping you
Why would you wanna follow friends that could learn a lot from you
I learned a lot from you, I'm still learning
And you know things ain't always been sweet I'm still hurting
I'm still searching
You got some soul in you tell her I'm still searching
Wonder what it's like to get up and just feel perfect
But as I said I'm still learning
Damn

There's so many people in the room
Mollies, shrooms
Everybody's thinking about getting that
I'm thinking bout you
I don't care about naething
I don't give a fuck what they say
It's goodbye
It's goodbye
I wanna get high on you
You stronger than a molly or the rufie
