The poison [?]  
But I know this shit ain't healthy for the mind  
Fuck it in the meantime  
I'm waving at you live from the sky  
Got the sun and the clouds in my eyes  
Nigga in the meantime  
I'mma keep on chasing dollar signs  
Trying to get a piece of every pie  
Nigga in the meantime  
I'mma try to live whilst I'm alive  
Getting all the blessings from the other side

Nkosi ngicel' ung'size  
Ungang' thathi ngisase mncane  
Hhayi kumnandi uk'jaiva

Don't want no problems  
I'm tryna live but I wanna do it proper  
Took her out to Prada now she's not [?]  
I gave her Casafa  
She gave me her temple  
Don't want no Wahalla  
Tell me what's that meant for  
Party in Bahamas  
I come from the ghetto  
Too many things weighing on my mental  
Doing what I can  
Keep it all so simple
