

Switch

Nasty C

Twin
Listen up, Pluto

They want me to switch on the bros
For some money, for some hoes
They want me to switch, switch my clothes
Switch to go, switch the bros, man

They want me to switch
They want me to flip, flip
They want me to flip, man
They want me to switch
They want me to flip, flip
They want me to switch, man

They want me to switch
But I can't, I mean I can
But I won't, it's a code
It can't be broken
Got a family I was born in
And a family that I've chosen
Tatted on my skin, skin, skin
I got a shorn
Take care of my twin, twin, twin
I got them glowing
We don't do pretend, tend, tend
Keep it ten times ten
I'ma always have your back, 'cause if you win
I win, I sing
I drink, I smoke, I binge
When my life throws me a punch
I take that shit to my chin
You gon' help me punch it back
That's why I call you my kin
It's all love on my end
I don't understand why

They want me to switch on the bros
For some money, for some hoes
They want me to switch, switch my clothes
Switch to go, switch the bros, man

They want me to switch
They want me to flip, flip
They want me to flip, man
They want me to switch
They want me to flip, flip
They want me to switch, man

They want me to switch on the bros
For some money, for some hoes
They want me to switch, switch my clothes
Switch to go, switch the bros, man

They want me to switch
They want me to flip, flip
They want me to flip, man

They want me to switch
They want me to flip, flip
They want me to switch, man
They want me to flip
