Nasty C

This might be a little too sudden buh'
I think you the one for me...
I'm thinking bout all of the habits
I'll pro'bly abandon if you keep me company...
You say that your nigga's the one for you,
Whats the scariest thing that he's done for you?
You say he's the one, you gon' take to your mother.
Hes one like no other
Well come and see...

I don't think he's the one..
Trust me he's not the one..
You know I keep it one (hunnit)
I don't think he's the one (I'll try that again)

I don't think he's the one (I don think he's the one)
Trust me he's not the one (trust me he's not the one)
You know I keep it one (hunnit) (I keep it one)
I don't think he's the one (I don't think he's the one)

Maybe I just don't get it
Cause I've just been livin' the fast life
I'm TBT'ing with my last nights pictures
But am proud of my bad side.
Young lady I got that ass tight
and you know I'm selfish with your assets..
I just puff and never pass it..
Everyone of them almost ever lasted
Long as I still make you happy girl

Hes not the one..
Trust me he's not the one..
You know I keep it one (hunnit)
I don't think he's the one (I'll try that again)

I don't think he's the one (I don think he's the one)
Trust me he's not the one (trust me he's not the one)
You know I keep it one (hunnit) (I keep it one)
I don't think he's the one (I don't think he's the one)
