**Nasty C**

So you want love now, huh?  
The one thing you're so bad at giving  
So you want trust now, huh  
The one thing that you don't believe in  
I see through your whole facade  
I don't fuck with your vibe  
You're a walking, talking lie, on God  
I think that you've got a demon in you  
'Cause you're deceiving, you use  
Everyone you lay your

(Eyes on, eyes on)  
(Eyes on you) You fool me once shame on you  
You fool me twice, fuck you  
I'm still in my zone  
My zone, my zone  
Bitch you put yourself up  
So high  
So high  
So high (My zone)  
Protect  
My zone  
My zone  
My zone

You taught me how to read between the smiles  
Now I can spot a fake bitch from a mile away  
You don't now how you made me feel inside  
I guess I was blind but  
Now I am wide awake  
You used to look down on me  
Now you look up to me  
Thought you was gone ride for me  
Take a bullet, die for me  
Stay 10 toes down for me  
Give me love and honesty  
Then you went ahead and totally did the opposite  
You abused all the love I was giving you  
I chucked the deuce when I decided to leave her

I think that you've got a demon in you  
'Cause you're deceiving, you use  
Everyone you lay your  
Eyes on  
Eyes on  
(Eyes on) You fool me once shame on you  
You fool me twice fuck you  
I'm still in my zone  
My zone, my zone  
Bitch you put yourself up  
So high  
So high  
Protect  
My zone  
My zone  
My zone

You taught me not to trust a bitch  
You done left so many scars on me  
I felt that shit shit indeed  
I'm scarred for life  
I've got no love to give  
I learned my lesson  
Now the only bitch that play me is Alexa  
Yes sir, I wish you the best luck, next love  
You're way too extra, you messed up  
You need to confess and get checked up  
I wish I could change you from the neck up

'Cause I think that you've got a demon in you  
'Cause you're deceiving, you use  
Everyone you lay your  
(Eyes on, eyes on, eyes on) You fool me once shame on you  
You fool me twice fuck you  
I'm still in my zone, my zone  
My zone  
Bitch you put yourself up  
So high, so high, so low  
Protect my zone  
My zone
