

# Anguish

Nasty Savage

Enter at your own risk  
Down the spiral staircase  
Flesh, blood, muscle, mind  
The sword you live is the sword that you die

Broken promise, turning point  
In cold blood paranoid  
To see a Laguna sunrise

Forget the spiral staircase  
It takes you to the wrong place  
Now that you have the time  
You want to know what's in my mind

Anguish cross road in life  
Hard to decide  
Anguish  
The sword that you live is the sword that you die

Anguish, anguish  
Cross road in life  
Hard to decide

Anguish  
The sword you live is the sword that you die  
Anguish, anguish  
Flesh, blood, muscle, mind

Anguish  
The sword you live is the sword that you die

Anguish  
Extreme pain inside my brain  
There's no sinner like a young saint

Anguish  
Stop this road, who can you trust  
Anguish  
Dragged through the years into the dust  
Anguish  
Extreme pain inside the brain

Enter at your own risk  
Down the spiral staircase  
Flesh, blood, muscle, mind  
The sword you live is the sword that you die  
Broken promise, turning point  
In cold blood, paranoid  
To see a Laguna sunrise
