

Anguish

Nasty Savage

Enter at your own risk
Down the spiral staircase
Flesh, blood, muscle, mind
The sword you live is the sword that you die

Broken promise, turning point
In cold blood paranoid
To see a Laguna sunrise

Forget the spiral staircase
It takes you to the wrong place
Now that you have the time
You want to know what's in my mind

Anguish cross road in life
Hard to decide
Anguish
The sword that you live is the sword that you die

Anguish, anguish
Cross road in life
Hard to decide

Anguish
The sword you live is the sword that you die
Anguish, anguish
Flesh, blood, muscle, mind

Anguish
The sword you live is the sword that you die

Anguish
Extreme pain inside my brain
There's no sinner like a young saint

Anguish
Stop this road, who can you trust
Anguish
Dragged through the years into the dust
Anguish
Extreme pain inside the brain

Enter at your own risk
Down the spiral staircase
Flesh, blood, muscle, mind
The sword you live is the sword that you die
Broken promise, turning point
In cold blood, paranoid
To see a Laguna sunrise
