

Aggression

Nasty

angryness, shouting angry words to youfucks cause angry is what
I am

meaningless, your values, words, promises and prayers to me

life is too short to make your problemsmine
life is too short to live it this way

don't believe in shit you do today

you wanna fool me, I gonna push all in

and you still wonder why we clench thefist

and you still wonder why we're fuckedup an pissed

and you still wonder why we act thisway

and you still don't care what we feeltoday

chainsawreaction, just reacting on yourmoves

chainsawreaction, chainsawreaction

aggression, it's what you make us feel
