

## Drty FNGRZ II

Nasty

Fuck Cecil the lion  
This shit ain't cool but I ain't crying  
A generation of internet protesters  
Secretly jerking off to films of children molesters

And you click the button, and you share a post  
People need to see you care. That's what you care the most

Watching the world burn! Hitting like!  
Seeing it all go down! Posting a pic of it!...

Fuck Cecil the lion  
This shit ain't cool but I ain't crying  
A generation of internet protesters  
Secretly jerking off to films of children molesters

Fuck your opinion, fuck your posts  
Keep it for yourself  
All those fates you care about sitting in your booth

So much information. So much to talk and care  
Useless waste of time placed, in front of a screen to stare

Fools you do think that you change a bit  
By clicking a button sad but true but you do just change shit
