

Fantasia

Nasty

Get out of my head,
you won't find anything.

Get out of my head,
anything that lived in there the nothing turned black.

They got into my head,
took it all, nothing's left.

Got into my head,
Falkor is caged and Atreyu is dead.
Atreyu is dead!

Dead! Brain fucking dead!

And Bastian doesn't care he's playing Warcraft instead!

No hope!

Fantasia turned black!
Brain fucking dead!

Get out of my head!
Dead!
