

Wake up!

Wake up, we are led to be enemies
Fooled to get sick, mongered to fear as one
We'd be a force they'd bow down to
A stop to this clown world fuckin' 'em up

Fuck this world!
Fuck this world!
And fuck you too! Ah!

Leave me alone, I don't want to be a part of this
Mind your own business and back the fuck off
Like a task, to stay sane in this world
Keep me out of your madness and back the fuck up

Fuck 'em up!
Fuck this world!
