

## Hell On Earth

Nasty

dig deeper, deeper, to find the buried corps  
raped, pregnant, deadborn  
life fueled out, scared forever

bloodsoaked streets, civil death  
hell on earth when god's in rage

so you start praying through all this bloodshed  
so motherfucker tell me where are your gods at  
fuck that, you're sending fire just in gods sake  
bellybullets hitting tell me where are your guts at!?

start your prayers!

fighting for your heaven, putting hell on earth
