Nasty

weak human, diggin it's own grave  
religious believes, hate cause of race  
this world in war since mankindsexistence  
brainwash 'n fear breaking everyresistance

take a look at the news, hate, chaos, war 'n death  
take a look at the news, now imagine noreligion

like on a bad trip believing infairytales  
preachers tell shit in advantage ofweaponsales  
and the people do follow weak like shit  
I maybe weak too but I follow my dick

love, peace and unity  
far away from false believes  
imagine love imagine peace  
but we are all infected ill'n sick
