

Reality Check

Nasty

Took a look behind the curtain
What you preached all turned to shit
And I followed your illusion
From your spell when you put me to sleep

You scamming motherfuckers
But I woke up and I'm back
Reality check! Reality check!
Now I won't sleep till I'm dead!

You sold my dreams at a discount!
Left nothing, nothing to believe in
You sold my love for a piece of the cake
From now I gonna sleep when I'm dead

I was asleep and I dreamed of the end!
I gonna sleep when I'm dead
Cut you out and I speak for myself!
I gonna sleep when I'm dead

Reality check!
Reality check!
Reality check!
Reality check!

You sold my dreams at a discount
Sold my love for a piece of the cake
Now there is nothing to believe in
So I believe in myself

I believe in myself
I believe in myself
I believe in myself
Reality check!

I believe in myself
I believe in myself
I believe in myself
Nasty!

Can you come, sucker?
