Resurrection

Nasty

Cornered, trapped
I'm stuck in a moment I'll never forget
No cure, but pain
Those drugs, I am going insane

Cornered
On my back
Stuck in that moment I can never forget

Did it pay off so far?
Did you level up through putting me down?
You did pave that way
Back to business
Resurrection

'Cause I'll never forget how it felt
The world will never forget
Forget how I fought for you

Resurrection
I can never forget how it felt
Resurrection
And you'll never forget what I'll

Cornered, trapped
I'm stuck in a moment I'll never forget
No cure, but pain
Those drugs, I am going insane

Cornered
On my back
Stuck, stuck in that moment I never forget

Resurrection
Resurrection
