

# Roses

Nasty

All roses turn to dust  
I lost your touch  
Never enough  
I'm out of love  
Giving no fucks

I was tired in the morning as I saw that you called in  
I did not want you to call, cause I don't want you to know  
It's daily killin' me more, givin' it all  
I may never break free from fighting battles in my fantasy

I tried tried tried tried tried  
And I died died died  
Cause I was never enough  
Never enough but learned a lesson

I lost your touch  
Never enough  
I'm out of love  
Giving no fucks  
Cause one day  
All roses turn  
Roses turn  
Turn to dust

Turn to dust  
Turn to fucking dust

I am living it large  
With you in my arms  
Still it's leaving me scared  
Because you're never prepared  
Is love a test?  
Does fear once rest  
Will we go again  
Is life just pain

I lost your touch  
Never enough  
I'm out of love  
Giving no fucks  
Cause one day  
All roses turn  
Roses turn  
Turn to dust

Turn to dust  
Turn to fucking dust

Turn to dust  
Turn to fucking dust
