

Second Life

Nasty

Yeah, you're the hero
You're looking so good
And yes, you are strong
Such a powerful dude
You know it all and tell even more

This world is yours watch the rank you are high score
Digital player
Critical slayer
Photoshop goddess
Second life, ohh yes

Dating a girl
She looked so cute
Met her on the net
I thought that she had the look
Then I saw her live

Gettin' confused

She was like a pig
Looked like a whore and abused
You can talk lots of shit without gettin' hit
You can fuck and fuck without cummin' too fast
You can lie to people

Spit on them
Crush people, shit on them
Check a new reality
Far beyond living second life

Cause real life hurts

You're living second life
Cause real life failed

This is your second try
Cause the first one failed

You're living second life
Cause real life hurts
