

Skeletal

Nasty

hey dry skinny cunt
do you think you're beautiful
bones stick out of your skin
shadow of yourself

ingurgitate, regurgitate
stick a finger deep down your throat
suck, suck the toothbrush
what you feel's not part of the deal

coca to your nose
cocks to your mouth
good job girl blow'n shut up
hope you won't break on your way to pret a porter

like glass in a stony world

you're a model
gonna be a star
hungering down to size zero

skeleton on the catwalk
defile of skin and bones
horrorshow for the jetset
aura of regurgitation
