

The End of the World

Nasty

Time tells of a Mad Max scenario
Ice melts
As a gold-like sicario
Survival of the fittest as you pray for some cardio
Wrecked flags waving
Welcome to the after-show

We are playing around but this world don't
We'll be OK but our kids won't

That's the end of the world as we know it
We had it all wrapped up but we screw it

We fought into the last level made it to the final boss
Game over
You're dead
Never fuck with a primal force
