

The Power

Nasty

You don't I do
You won't I will
You don't I do

Believe in myself

You often tried to push me yet
Having no clue where my limits are at
I won't let down
You are no threat
Before you break me I will rather be dead

You don't I do
You won't I will
You don't I do

Believe in myself

You often tried to push me yet
Having no clue where my limits are at
I won't let down
You are no threat
Before you break me I will rather be dead

I've got the power
