

Tricky Plays

Nasty

Remembering when you did not care
Talked behind our backs like a bitch too scared
Times now changed and we grew as a band
And on sudden you walk up to us shaking our hands

Motherfucker
Sticky hands
Tricky plays
There's nothing to gain here but you snitch on friends

Motherfucker you have been trusted
Fucked it up for some clout that you hunted
Motherfucker you have been trusted

Everything you stood for busted
You're nothing but a fake ass
Motherfucker
