Illusion

Nat King Cole

Are you an illusion that I've kissed?

Am I only dreaming you exist?

Am I just pretending dreams come true?

And is heaven wise opening my eyes

To someone like you?

Are you an illusion I embrace?
Can you be the rainbow that I chase?
Want you in this yearning that I feel
Tell me that it's so, what I want to know
Tell me that you're real

Are you an illusion I embrace?
Can you be the rainbow that I chase?
Want you in this yearning that I feel
Tell me that it's so, what I want to know
Tell me that you're real
