

# Ridin' On The Gravy Train

Nat King Cole

I'm just walking through clover  
Got no right to complain  
All my worries are over  
Ridin' on the gravy train

Left my troubles behind me  
Left 'em back in the rain  
If you want me you'll find me  
Ridin' on the gravy train

Brother, I occupy a seat on the aisle  
Don't need fair going there  
Cause your ferry's a smile

Got a rainbow to guide me  
Got a happy refrain  
Lady luck is beside me  
Ridin' on the gravy train

Brother, I occupy a seat on the aisle  
Don't need fair going there  
Cause your ferry's a smile

Got a rainbow to guide me  
Got a happy refrain  
Lady luck is beside me  
Ridin' on the gravy train  
With my baby beside me  
Ridin' on the gravy train
