

Acid Annie

Natalia Kills

[Verse 1]

I followed you to the mall
I pulled up right by your car
And darling I saw it all (yeah)
I followed you to the house
I watched you lay on the couch
And honey I saw it all (yeah)

[Pre-Chorus]

And if you wonder way your window's smashed
Your shirts are slashed
Your house is trashed
Me
Don't you know that it's me
Me, me, me

[Chorus]

Acid Annie don't be bitter for the rest of your life
He can hurt you
Don't deserve you
But he can't make it right

[Verse 2]

Your guilty gun's on the ground
Put your apology down
Take your own medicine now (yeah)
Call me psychotic or numb
I'm just a product of love
So thanks for showing me how (yeah)

[Pre-Chorus]

And if you're wondering why your brakes are cut
And everything is fucked
It's me
Motherfucker it's me

[Chorus]

Acid Annie don't be bitter for the rest of your life
He can hurt you
Don't deserve you
No, he can't make it right

Acid Annie don't be bitter for the rest of your life
Though love ain't easy
When you're bleeding from the thrill of the fight

[Bridge]

And if you wonder way your window's smashed
Your shirts are slashed
Your house is trashed
Me
Don't you know that it's me
And if you're wondering why your brakes are cut
And everything is fucked
It's me
Motherfucker it's me

[Chorus]

Acid Annie don't be bitter for the rest of your life

He can hurt you

Don't deserve you

No, he can't make it right

Acid Annie don't be bitter for the rest of your life

Though love ain't easy

When you're bleeding from the thrill of the fight

From the thrill of the fight
