

Like A Lady

Natalia

Baby, I speak to you
Come and look into my eyes
I will not write it down for you
And I don't want to say it twice

If you keep on doing what you're doing
You'll be sorry very soon
You don't know what I mean
I see it in your face
But this is your last chance

You better treat me like a lady
You better watch out boy
Don't let me down or I'll get crazy
Listen... 'cause I'm not your stupid toy

Some things will never end
If you let them last too long
I'm tired of feeling ashamed
Hey Boy, you didn't get me wrong!

If you keep on doing what you're doing
I don't give a guarantee
For everything we had
It doesn't make me sad
'Cause I don't give a damn...

I admit we had a crazy time
For a few days, I was feeling fine
But this is not just a game
And when you're screaming my name
Let's see, what I will do...
