

All We Have

Natalie Bassingthwaite

All we have is tonight

Can't help but feel amazing
The way the beats are banging
I feel the rhythm in my system
And I'm not complaining
The bass fills up my body
Keep playing, please don't stop it

I'm a dance freak, dance freak

I know that it's a weakness
The music is my speakers
The sun goes down and we come out
Like some nocturnal creatures
I feel the floor vibrating
Can't stop my body shaking

I'm a dance freak, freak, freak

Baby, just hold on tight
Get ready for the ride of the your life
Oh baby, let's live our lives
Like all we have is tonight

Woah oh oh oh oh...
All we have is tonight

We got this party jumping
Get lost under the lights
I know you feeling something
It's more than just a vibe
I feel the floor vibrating
Can't stop my body shaking

I'm a dance freak, freak, freak

Baby, just hold on tight
Get ready for the ride of the your life
Oh baby, let's live our lives
Like all we have is tonight

Woah oh oh oh oh...
All we have is tonight

Got my hair down
Heels high
Neon blowing up the sky
If you're feeling it then let me know
Feeling fierce in my cheeky MB skinny jeans
OTT I'm good to go

Woah oh oh oh oh...
All we have is tonight

Woah oh oh oh oh...
All we have is tonight

Night, night, night, night
