

# Good to Be Back

Natalie Cole

Let me look at you, just look at you  
You're a sight for sore eyes, yes you are  
If you knew how many nights, I spent holding you so tight  
Then I'd wake up and we're still apart

Now you're really near and I'm really here  
And I can wrap my arms around you, yes I can  
This is just like I remember, no I think it's even better  
Maybe even more than I can stand

Baby it's good to be back, so good to be back  
Baby it's good to be back in your arms again  
Baby it's good to be back, so good to be back  
Honey it's good to be back with you, oh yeah

Well it's not the first time, we've been apart  
But as far as I'm concerned it's the last  
I don't care what we have to do to stay together from now on  
But those days away from you are past

'Cause when I go through the day and I haven't seen your face  
Seems like nothing that I do feels right  
You're the one I wanna see when I wake up every day  
You're the one I wanna kiss goodnight

Baby it's good to be back, so good to be back  
Baby it's good to be back in your arms again  
Baby it's good to be back, so good to be back  
Honey it's good to be back with you

So good, so good, so good  
So good, so good with you, baby  
So good with you

Why don't you start me up with just one kiss  
That's just one of the things I've missed  
You better kiss me once again till it finally settles in  
Well I think I could get used to this

Baby it's good to be back, so good to be back  
Baby it's good to be back in your arms again  
Baby it's good to be back, so good to be back  
Honey it's good to be back with you

Baby it's good to be back, feels mighty good to be back  
Baby it's good to be back with you  
Baby it's good to be back, so good to be back  
Honey it's good to be back with you

And it's so good to be back, oh yeah good to be back  
Baby, its good to be back in you're arms again  
And it's so good to be back, so good to be back  
Honey it's good to be back with you
