Let me look at you, just look at you You're a sight for sore eyes, yes you are If you knew how many nights, I spent holding you so tight Then I'd wake up and we're still apart

Now you're really near and I'm really here And I can wrap my arms around you, yes I can This is just like I remember, no I think it's even better Maybe even more than I can stand

Baby it's good to be back, so good to be back Baby it's good to be back in your arms again Baby it's good to be back, so good to be back Honey it's good to be back with you, oh yeah

Well it's not the first time, we've been apart
But as far as I'm concerned it's the last
I don't care what we have to do to stay together from now on
But those days away from you are past

'Cause when I go through the day and I haven't seen your face Seems like nothing that I do feels right You're the one I wanna see when I wake up every day You're the one I wanna kiss goodnight

Baby it's good to be back, so good to be back Baby it's good to be back in your arms again Baby it's good to be back, so good to be back Honey it's good to be back with you

So good, so good, so good So good, so good with you, baby So good with you

Why don't you start me up with just one kiss That's just one of the things I've missed You better kiss me once again till it finally settles in Well I think I could get used to this

Baby it's good to be back, so good to be back Baby it's good to be back in your arms again Baby it's good to be back, so good to be back Honey it's good to be back with you

Baby it's good to be back, feels mighty good to be back Baby it's good to be back with you Baby it's good to be back, so good to be back Honey it's good to be back with you

And it's so good to be back, oh yeah good to be back Baby, its good to be back in you're arms again And it's so good to be back, so good to be back Honey it's good to be back with you
