

# How Come You Won't Stay Here

Natalie Cole

How come you won't stay here  
And love me tonight  
I'll bet I can  
Suit your appetite  
I'm not tryin' to really  
Tie your body down  
I just feel so much better  
Having you around

I wanna know baby  
I wanna know baby  
I wanna know how you feel

Take this dream I've got  
While you're still young and happy  
And make it be real  
Oh, make it be real  
Oh, oh, oh, oh, oh yeah

Let me tell you something  
We would make such sweet rhythm  
Your love and I  
But you've got to give me  
Some of your time  
I want you to be my lover man  
Can you understand?  
Can you understand now?

You could make me feel better  
I believe you can  
Oh, my, my well

I wanna know baby  
I wanna know baby  
I wanna know how you feel

Take this dream I've got  
While you're still young and happy  
And make it be real  
Oh, make it be real  
Oh, oh, oh, oh, oh yeah

Oh, you got to  
You got to  
You got to  
Oh, oh, oh, oh, oh, oh

Together oh, together  
Stay, stay, stay, stay with me  
I want you with me  
Please why don't you stay with me  
You're so busy  
You're so busy, busy
