

My Weapon

Natalie Grant

Let every lie be silenced
And all depression cease
Let every dark assignment
Bow down at Jesus' feet

Let every curse be broken
Let every storm be tamed
And all that come against us
Be bound in Jesus' name

Your presence is my greatest weapon
Pushing back the darkness
Breaking every chain

My worship opens up the heavens
Crushing every stronghold
When I speak Your name
Your presence is my weapon
Your presence is my weapon

Your strength will not be shaken
Your love will not back down
Death has been defeated
What can stop me now

I hold on to what You've spoken
You said that I am free
You've given me Your promise
You are my victory

Your presence is my greatest weapon
Pushing back the darkness
Breaking every chain

My worship opens up the heavens
Crushing every stronghold
When I speak Your name
Your presence is my weapon
Your presence is my weapon

Your word and a melody
Are making a way for me
You defeat the enemy
This prison is shaking now
And these walls are coming down
Your presence makes me free
I am free

Your presence is my greatest weapon
Pushing back the darkness
Breaking every chain

My worship opens up the heavens
Crushing every stronghold
When I speak Your name
Your presence is my weapon

Your presence is my weapon

Your presence is my weapon
