Natalie Imbruglia

**F B** (2x)

- F B**
1. Walking down the Frith Street
- F B**
- Dawn is creeping up on me
- F B**
- Some girls tears in a taxi
- F B**
- Five o'clock shadows drinking coffee
2. So this is what it feels like
- This is how it feels, now I'm finally smiling on the inside
- This is what it looks like
- This is how it looks from the outside staring in

**F C**

X: And it's glorious just to laugh like us

**Gm**

And the world will turn, it'll never stop

**B F**

'Cause I've got nothing to hide

**C B**

And we've got nothing to lose, oh yeah

**F C**

R: And it's glorious, and it's all I see

**Gm B**

On a day like this you know it's meant to be

**F**

Now I've got nothing to find

**C B**

And I've got nothing to lose but you

**F**

And it's glorious

**F B** (2x)

3. Drinking wine back in my house
- Remember someone said your name
- I somehow lost the conversation
- I've fallen a million miles away
4. So this is what it feels like
- This is how it feels when you're finally walking on the inside
- This is what it looks like
- This is how it looks from the outside staring in

X: And it's glorious just to laugh like us...

R: And it's glorious, and it's all I see

On a day like this you know it's meant to be

Now I've got nothing to find

And I've got nothing to lose but you

**Dm F**
