

Yucky

Natalie Jane

You say you like blondes
I'll call my hairdresser
Paint my lips cherry
'Cause you like it better
You write me shitty songs
But I'll learn every word
And I'll pretend that they're
The best I've ever heard

Lying to myself
It won't end well
Oh well
Oh here I go again

I hate who I become
When I fall in love
Oh what have I done
You got me feeling

Yucky yucky yucky
And it's twisting up my tummy
Got me acting kinda funny
'Cause I wanna make you love me

Yucky yucky yucky
Yucky yucky yucky yucky
Twisting up my tummy
Yeah you got me feeling yucky

Yucky yucky yucky
Yucky yucky yucky yucky
Twisting up my tummy
Yeah you got me feeling yucky

How I ghosted all my friends
Ah ah
Don't wanna tell them where I've been
Ah ah
Know you're fucking with my head
But I'm kinda into it
I would do it all again
I'm a mess
I'm a mess
I'm a mess

I hate who I become
When I fall in love
Oh what have I done
You got me feeling

Yucky yucky yucky
And it's twisting up my tummy
Got me acting kinda funny
'Cause I wanna make you love me

Yucky yucky yucky
Yucky yucky yucky yucky

Twisting up my tummy
Yeah you got me feeling yucky

Yucky yucky yucky
Yucky yucky yucky yucky
Twisting up my tummy
Yeah you got me feeling yucky

Lying to myself
It won't end well
Lying to myself
It won't end well
Lying to myself
It won't end well
Lying to myself
It won't end well
Lying to myself
It won't end well
Lying to myself
It won't end well
Lying to myself
It won't end well
Lying to myself
It won't end well
Lying to myself

I hate who I become
I hate who I become
Twisting up my tummy
Got me acting kinda funny
Yeah you got me feeling...
