

Lost

Natalie Prass

Turn up that fader, it's like a lightning bolt
We can't be saved so now I'm listening on my own
Once there was a time when you had me hypnotized
You realized that your fingerprints were on my bones

I kept falling into every lie
Getting pulled right back when I said goodbye, ooh

Oh, I get lost
I get lost when I'm with you
But at what cost?
Oh, at what cost do I let you do what you do?

The harmless scars are human, you're always batting back
You know the struggle's real when I lie down and you attack, oo
h
Why don't you stop seeing through that looking glass?
I watch myself sink in, you're the star and I'm the cast

I kept falling into every lie
Getting pulled right back when I said goodbye, ooh

Oh, I get lost
Oh, I get lost when I'm with you
But at what cost?
Oh, at what cost do I let you do what you do?

Oh, we can't go back the way we came
On that same old track, but broken train
Can't keep loving you
I can't keep loving you
I can't love you again

Oh, I get lost
I get lost when I'm with you
But at what cost?
Oh, at what cost do I let you do what you do, ooh?
